

## MARKET UPDATE - WEEK OF 4-11-2022

### DIMENSIONAL LUMBER

#### 2X4 #2 Western Spruce

Pricing in this table is from mill to wholesale does not reflect local market pricing.

### SPF

The market has turned and is declining, however 2X4's continue to be hard to source. Rail car availability continues to cause issues.

#### DOUGLAS FIR (DF)

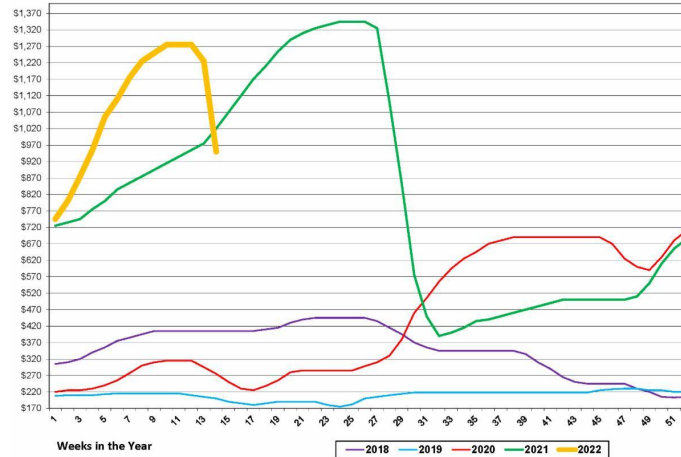

Long length availability has improved slightly, but 2x6 are still an issue.

#### TREATED LUMBER (SYP)

Pricing are trending down. Material availability is good. Logistics continues to be an issue industry wide.

### PLYWOOD

#### 7/16 OSB North Central

Pricing in this table is from mill to wholesale does not reflect local market pricing.

### OREIENTED STRAND BOARD (OSB)

Market has declined over the past weeks and supply at mills has been increasing. Lack of trucks has a back log of mill orders that still need to be shipped.

#### SOUTHERN YELLOW PINE (SYP) PLYWOOD

The market continues to drop. Specialty plywoods are in tight supply.

#### DOUGLAS FIR (DF) PLYWOOD

The market has continued to decline. Trucking and fuel are offsetting some of the decreases.

### ENGINEERED WOOD PRODUCTS (EWP)

All other markets are decreasing except Engineered. Prices are increasing. Engineered remains harder to find and material is on allocation from all suppliers.
